Letter from the Principal

Welcome back!

The week of January 22nd is designated as Paraprofessional Recognition Week in Minnesota schools. During Paraprofessional Appreciation Week, we extend our heartfelt gratitude to the dedicated individuals who play an indispensable role in our educational community. These unsung heroes, often working behind the scenes, provide invaluable support to teachers and students alike. Whether assisting in the classroom, offering one-on-one guidance, or creating a nurturing environment for learning, paraprofessionals contribute significantly to the success and well-being of our students. Their unwavering commitment, compassion, and hard work deserve recognition and applause. This week, we celebrate the paraprofessionals who go above and beyond, making a lasting impact on the lives of those they serve. Thank you for your selfless dedication and tireless efforts in fostering a positive and inclusive learning experience for all.

Troy Wunderlich
Principal
